

SENATOR MARVEL: What about LB 30? Are there amendments to LB 30?

CLERK: Yes, extensive amendments.

SENATOR MARVEL: LB 425.

CLERK: I think everything thereafter has amendments now, Mr. President. The only thing that doesn't.... There are so many bills.

SENATOR MARVEL: Before we recess the Chair will recognize Senator Carsten for an announcement. Senator Carsten.

SENATOR CARSTEN: Mr. President, members of the Legislature. I rise to remind this body that the Appropriations Committee is going beyond the call of duty, as far as I'm concerned, and providing three nights this week of information that relates to the appropriations bills that they have sent to the floor. It is very informative, and one that I believe that each and everyone of us should make an attempt to come to. I went last night. The attendance there was not too good, but we hope that the rest of you will make an effort to come. I think that it will eliminate a lot of problems and a lot of discussion on this floor when we get to General File. Thank you Mr. President.

SENATOR MARVEL: Thank you Senator Carsten. Senator Cullan, I think we can adopt, before we recess, the E & R amendments to 196. Vince, then advance the bill. We can't? Senator Simon says no.

CLERK: It was replaced for E & R amendments, and you can't amend when that happens. So the E & R amendments have to be adopted, then the bill advanced.

SENATOR CULLAN: Mr. President, members of the Legislature. I move the E & R amendments to LB 196 be adopted.

SENATOR MARVEL: Is there a second? All those in favor say Chair recognizes Senator Simon.

SENATOR SIMON: I just have a question. I could be mistaken, but I.... I believe that the bill had already been passed on Select, and that it was already to Final Reading. The bill was supposed to be on Final Reading. I have a motion up there to return the bill to Select File for specific amendment.

CLERK: Mr. President, the bill went to E & R final, it did not go to Final Reading. It was replaced, by E & R final, to Select File for E & R amendments.

SENATOR SIMON: Okay. Thank you.

SENATOR MARVEL: All those in favor of the adoption of the E & R amendments to 196 say aye, opposed no. Motion carried. Now we advance the bill .

SENATOR CULLAN: Mr. President, members of the Legislature. I move that LB 196, as amended, be advanced to E & R for engrossment.
